

EL ZARZAL

2019

www.emiliomoro.com

STORY

El Zarzal is the first wine of our godello wine range with an evident varietal vocation that respects the variety character without giving up freshness.

CHARACTERISTICS OF THE HARVEST

The weather conditions in El Bierzo in the year 2019 favoured very high grape quality. There was abundant rainfall in the flowering period, which affected production quantity. Later on, at the end of spring and especially in summer, there was a great increase in temperature which, combined with the scarce rainfall, caused the grapes to enter the winery with a high sugar concentration.

WINEMAKING PROCESS

Fermented at controlled temperature in stainless steel deposits with subsequent ageing on the lies in French oak foudres.

TASTING NOTES

A pale straw yellow wine, clean and bright in the glass. On the nose, aromas of flowers, white fruits and a very faint touch of wood are appreciated, achieving elegant and persistent aromas. On the palate, freshness and acidity stand out, creating a surprising and balanced whole.

TECHNICAL DETAILS

Apellation: El Bierzo

Variety: 100 % Godello

Ageing: French oak foudres
