

EMILIO MORO

Vendimia Seleccionada

2020

STORY

Vendimia Seleccionada is born of the utmost nurturing of our vineyards. Made from a selection of the best vines used to produce Emilio Moro, yielding the best quality grapes. This wine is designed to commemorate and honour the history and tradition of Bodegas Emilio Moro.

CHARACTERISTICS OF THE HARVEST

The weather in 2020 was marked by a slight rise in the average temperature which, together with the abundant rainfall in spring, allowed the vines to develop well. The harvest was accompanied by rainfall that did not affect the quality of the grapes obtained, which will be used to make wines of high quality, aromatic expression and intensity.

WINEMAKING PROCESS

Fermented at a controlled temperature in stainless-steel tanks and aged in French oak barrels.

TASTING NOTES

Burgundy red. The bouquet is intense and frank, with a fruity base of great elegance at its prime point of maturity, with a good balance between the primary aromas and the spicy notes typical of its ageing in oak. In the glass it evolves naturally towards elegant and complex notes without losing its characteristic fruity base. On the palate, it is full-bodied and sustained by abundant but rounded tannins, with a balanced acidity and a long, persistent finish.

DATA SHEET

DO: Ribera del Duero

Soil: Clay

Location: Pesquera de Duero

Orientation: South-west

Malolactic F: 30 days in stainless-steel tanks.

Variety: Tempranillo (Tinto Fino)
